

## THERE WAS MUCH CRY NO WOLF

One Indictment the Outcome of Investigation.

PARTY NOT ARRESTED

Perhaps the Legislation Was Honest After All.

Guthrie, O. T., April 16.—While the recent grand jury investigation of alleged corruption in the territorial legislature is a thing of the past, it is stated here by persons who are supposed to be in a position to know, that one member of the cattle lobby in attendance at the recent legislative session was indicted by the body. With the exception of the arrest of Charles Knox, of Perry, one of the clerks in the lower house, for bribery, no arrests have been made resulting from the grand jury's action. A warrant, so far as can be learned, has never been issued for this particular person, and it is not likely that the matter will come up until the next term of the Logan county court. And it is said that the chain of evidence on which the indictment was based, is so slender that there is a likelihood that the arrest will not be made.

The grand jury investigation is almost forgotten among the politicians. It is referred to once in a while, but not seriously. The evidence given before the jury is supposed to have consisted mostly of what was heard in legislative circles. It is said that the grand jury did vote, at one time, to return an indictment against a member of the council, but that the alleged crime for which he was to be indicted proved not to be a crime when attorneys looked up the matter.

The one indictment said to be returned, at the time it was being considered by the jury, caused the recalling of several legislators in order that they might be questioned more closely relative to alleged "bribe" transactions.

Within a few months the grand jury investigation will be entirely forgotten and will only be referred to as a matter of legislative history.

### FERGUSON STATES IDEA.

Stated for Oklahoma, Enabling Act for Indian Territory.

Guthrie, O. T., April 16.—A story has been going the rounds of the territorial press that Governor T. B. Ferguson had changed his position relative to statehood for Oklahoma. The articles referred to stated that the governor is advising the interior department of Oklahoma and the Indian Territory as one state. To a correspondent of the Eagle today the governor said:

"I have not changed my ideas relative to statehood in the least. I am for statehood for Oklahoma, with a provision in the enabling act for attaching sections of the Indian Territory whenever portions of that territory are ready for statehood. I advocated this kind of statehood last fall. The provision mentioned was incorporated in the Flynn bill and that kind of statehood for Oklahoma was what the Republican party in Oklahoma desired for some time. I do not think it possible to bring in the entire Indian Territory now, even if it were desired, for there are certain parts of that country that will not be prepared for any form of statehood for years to come.

"I want statehood for Oklahoma as possible as the nation is able to extend the government, and the boundaries of the state made as the territory now stands. In the new statehood bill, if it is considered wise, provisions may be made for the admission of parts of the Indian Territory whenever congress may see fit. Before that is done, however, I would like to see certain matters introduced, especially in regard to school lands, that congress should ever see fit to make a part of the Indian Territory a part of Oklahoma. The necessary rearrangement of the school land matter was one objection raised to statehood for Oklahoma last fall with the Indian Territory, and it is a fact that we as Oklahomans, cannot afford to overlook.

"If I were to become a prophet, I would certainly predict that the Indian Territory will become a state alone, as will Oklahoma. That, in my opinion, will be the ultimate result of statehood legislation. I believe that the statehood bill introduced in congress providing for the admission of Oklahoma alone, the territory will secure an enabling act. I considered it a mistake to make an omnibus bill out of the former Oklahoma statehood bill. I would not like to see another omnibus bill introduced in congress. If New Mexico and Arizona are included in the Oklahoma bill, it will lessen the chances for Oklahoma to secure statehood soon. Oklahoma has more friends than either of the other territories and I fully believe that these friends are strong enough to give us an enabling act.

### AGAIN IT IS COPPER.

Wichita Mountains Are Continual Source of Prospects.

Oklahoma City, O. T., April 16.—The Oklahoma has faith to publish the following:

"The stories relative to rich mineral deposits in the Wichita mountains have been in circulation for years and details have been current as well, but the fact that at least there are heavy deposits of copper in the Wichita mountains, which has been within the past year been established beyond peradventure.

Perhaps the strongest company and one having the heaviest interests in the mining region is the Wichita Mining and Improvement company, which has headquarters in Oklahoma City, and which Colonel C. F. Colcord is president.

This company has been prevented from inaugurating extensive mining operations

**SANTAL MIDY**  
For Kidney & Bladder troubles.  
Cures in 48 Hours  
URINARY DISCHARGES  
Each Capsule Bears the name of the Doctor  
Source of counterfeits

## Catarrh Invites Consumption

It weakens the delicate lung tissues, deranges the digestive organs, and breaks down the general health.

It often causes headache and dizziness, impairs the taste, smell and hearing, and affects the voice.

Being a constitutional disease it requires a constitutional remedy.

### Hood's Sarsaparilla

Radically and permanently cures catarrh of the nose, throat, stomach, bowels, and more delicate organs.

Read the testimonials.

No substitute for Hood's acts like Hood's. Be sure to get Hood's.

"I was troubled with catarrh 20 years. Seeing statements of cures by Hood's Sarsaparilla resolved to try it. Four bottles entirely cured me." WILLIAM SHERMAN, 1030 6th St., Milwaukee, Wis.

Hood's Sarsaparilla promises to cure and keeps the promise.

up to this time, owing to the fact that its claims to immense properties have been contested by one J. W. Hale, who has maintained his alleged rights at the point of a double-barreled shotgun.

The company appealed to the courts, and a final settlement of the contest is expected by a decision of the court at Anadarko next week. Members of the company express themselves as confident that the decision will establish its rights in the premises.

Captain George Shields of this city, a heavy stockholder in the Wichita Mining and Improvement company, in discussing the matter with an Oklahoma representative, yesterday, said:

"We feel confident of a favorable decision and in that event will at once inaugurate extensive mining operations. We already have three shafts sunk and have found valuable lead which will be shot at once. Experts tell us it is the richest find they have ever seen in any mining region in the United States. Some of the ore assays as high as 90 per cent. Another lead of similar promise has been discovered on a claim a mile distant from ours. Dr. L. H. Buxton, of this city, is interested in that mine. I expect to spend much of my time at our mines during the summer."

### CAPITAL'S LIBEL SUIT.

Grows Out of Hot Campaign for City Office.

Guthrie, O. T., April 16.—As a result of the recent strenuous city campaign, J. M. Brooks today brought suit against the State Capital company, asking damages to the amount of \$25,000 for libel. Brooks was a candidate for alderman on the Citizens ticket and alleges that an article published in the Capital on April 3 was intended to injure him in the eyes of the public and reflect upon him as a business man. Just prior to the election the men behind the Citizens movement held a mass meeting in the opera house, and Brooks was one of the speakers. During the course of his remarks he referred to F. H. Greer, editor of the Capital, the statements made at that time being said to be the cause of the Capital's article. J. C. Strang is attorney for Brooks.

It was reported on the streets today that action for criminal libel would be instituted against Brooks by F. H. Greer on account of certain statements made at the mass meeting in the opera house. The State Capital has had damage suits for libel instituted against it during the past few months aggregating \$7,000. None of the cases have been heard by the court yet. They are the outgrowth of various articles published in that paper.

### TO CURE A COLD IN ONE DAY.

Take Laxative Bromo-Quinine Tablets. All druggists refund the money if it fails to cure. E. W. Grove's signature.

### CHARTERS OF TODAY.

Commissions and Charters Issued by Secretary Grimes.

Guthrie, O. T., April 16.—The Grant County Telephone company, of Wichita, secured a charter today to construct and operate telephone lines for twenty years. The capital stock is \$100,000. The men interested are: C. L. Bickelrude, W. H. Garrett, Sand Creek; W. E. Lemon, J. J. McMillin, P. H. Loomis, M. B. Rutherford, E. M. Garrett, J. E. Garrett, Wichita; Chas. N. Ernest, Melford.

The Geary Pressed Brick company, of Geary, O. T., was chartered today for twenty years to manufacture brick, tile or any other product from shale or clay. The capital stock is \$25,000 and the directors are: S. E. Carrier, Chas. Hattie, W. Z. Albright, Frank Roberts, W. Waterman, all of Geary.

Notarial commissions were issued today to the following persons: Edwin H. Conner, Cozart, Caddo county; Orson H. Cover, Sumner, Noble county; J. F. Merrill, Texola, Greer county.

### BARNES IS MAYOR.

Has Many Irons in the Fire at This Time.

Guthrie, O. T., April 16.—Ex-Governor C. M. Barnes and the newly elected members of the Guthrie city council will be sworn in tonight and will begin a two years' administration. The new council will have very important matters before it during that time, as there are contracts for sewerage and paving to be attended to, as well as the extension of the waterworks system.

Ex-Governor Barnes has probably as many official positions as any other man in the territory. He is not only mayor of Guthrie, but president of the Commercial club as well, president of the Logan County bank, president of the Logan County investment company, vice president of the bar association, an officer in the Consistory and other organizations.

### SPEAKS AT CARMEN.

Oklahoma Day to Be Made a Hummer There.

Guthrie, O. T., April 16.—Governor and Mrs. T. B. Ferguson left here this afternoon for the trip to Shawnee. The governor will speak at Carmen on April 22, returning here from Watonga in time to arrange for the trip to St. Louis.

Secretary William Grimes is at Anadarko and it is now up to Assistant Secretary Jim McConnell and the other territorial officials during the governor's absence to see that the affairs of state are properly attended to.

### Trains to Shawnee.

Guthrie, O. T., April 16.—Contractor Calhoun announces that the Santa Fe will be running trains to Shawnee, O. T., over the new eastern Oklahoma extension within fifteen days. The track-layers are now in Pottawatomie county, near Clifton. This is the new extension from Newkirk to Paul's Valley, 125 miles.

## OKLAHOMA CITY MAN DEFAULTER

Seems No Doubt Tidball Is Heavy Defaulter

MATTER IS LIVE TOPIC

Because the Largest in City's Business History.

Oklahoma City, O. T., April 16.—This sensational story is from the Daily Oklahoman: W. H. Tidball of the firm of Coater & Tidball has been absent from the city for about two weeks and it is alleged that he left behind him a shortage of about \$2,000 with the company.

It is stated that the whereabouts of Mr. Tidball are at present unknown to any of his business associates here. Shortly after his disappearance, when it was ascertained that he had defaulted to the extent mentioned, the company advised the Fidelity company at Baltimore of the shortage, which company is on Mr. Tidball's bond, and asked that the shortage be made up. A representative of the Fidelity company was sent here to investigate and make a report, but up to yesterday had not succeeded in locating the missing man. Mrs. Tidball is said to be in St. Louis.

Mr. Coater was asked concerning the matter by a representative of the Oklahoman, and reluctantly admitted the truth of the accusation against Mr. Tidball. He stated that efforts are being made by the surety company to locate the fugitive and prevail upon him to come back and settle, and that the firm is awaiting the outcome of this effort at present.

Harry Byrne, who represents the surety company, has not given up hope of finding Mr. Tidball and inducing him to return and make a settlement, although he said that the effort to find the missing partner had not been successful so far.

"The defaultation alleged is the largest that has been reported in Oklahoma City business circles, and the matter, where it is known, is a live topic for discussion."

### TO BOARD IN KANSAS.

What Oklahoma Gains Costs Her in Money.

Shawnee, O. T., April 16.—Sheriff W. A. Grace has taken the following persons to Lansing to serve their sentences: E. G. Walker, negro, shooting with intent to kill, one year and six months; W. C. Smith, obtaining money under false pretenses, one year and one day; Fred Engel, manslaughter, twenty years; John Henderson, perjury, ten years; Tolly Gordon, assault with a dangerous weapon, one year.

Will Jones, alias George King, negro, burglary, one year and one day.

Will Haney, Indian, obtaining money under false pretenses, one year and one day.

Joe Hughes, rape, one year and one day.

Pat Liens, stealing, one year and one day.

W. P. Thompson, horse stealing, one year and one day.

Will Walker, horse stealing, one year and one day.

### WOODS TO APPEAR.

He Will Represent Oklahoma in Territorial Case.

Guthrie, O. T., April 16.—Assistant Attorney General Chas. H. Woods leaves here Saturday for Leavenworth to appear before Judge William C. Hook in the federal court, in the Ira N. Terrill appeal case. Terrill is appealing from the decision of the Kansas supreme court in a habeas corpus action to secure his release from the Kansas penitentiary. Terrill's contention was that the warden of the penitentiary had no power to hold him in that institution, owing to the absence of law for the contract between him and the territory of Oklahoma.

### THESE MEN MADE HAPPY.

Pardoned by the Governor to Restore Citizenship Rights.

Guthrie, O. T., April 16.—Governor T. B. Ferguson today issued the following citizenship pardons, upon the recommendation of Warden E. B. Jewett of the Kansas penitentiary:

Norman Webb, convicted of larceny in Kay county and sentenced to three years.

George Scott, convicted of larceny in Kay county and sentenced to three years.

Henry A. Wood, convicted of stealing domestic animal in Pottawatomie county and sentenced to one year and one day.

Joseph Howard, convicted of stealing domestic animal in Pottawatomie county and sentenced to one year and one day.

### DOES NOT LIKE PLAN.

School Land for Townsite Does Not Please Ferguson.

Guthrie, O. T., April 16.—It was semi-officially announced today that any proposition that might be submitted by Charles Lamb, who controls the lease on school land south of Guthrie for the platting and subsiding of the same will be rejected by the board for the leasing of school lands. Governor Ferguson is said to be opposed to the leasing of school lands for townsite purposes unless absolutely necessary. In the Guthrie case he does not believe it necessary, owing to the location of the land.

### BULLETIN WILL STAND.

Editors: Fred Riesling and Miss Elizabeth Futrell Are Married.

Guthrie, O. T., April 16.—Fred Riesling, telegraph editor of the State Capital and Miss Elizabeth Futrell of Paducah, Ky., were married this morning in Shawnee. Mr. Riesling came to the territory from Illinois and has been connected with newspapers in several cities of Oklahoma. For a number of months he has been the telegraph editor of the Capital. Mr. and Mrs. Riesling will make their home in Guthrie.

### CASE AGAINST TOWNSHIP.

Dates Back to 1893 and Is Upon School Warrants.

Guthrie, O. T., April 16.—A case was filed in the Oklahoma supreme court today from Oklahoma county in which M. H. Johnson is the plaintiff and the successors to Pottawatomie township in Oklahoma county are defendants. It is alleged that on May 20th, 1893, warrants were issued for the erection of a school house and the digging of a well amounting to \$500. Johnson secured the warrants and the defendants secured a favorable decision in the first hearing. It was asserted that the warrants had never been issued. After

1893 the township was divided into a number of school districts and the suit affects all of them.

### CANNOT SELL THE BONDS.

Election of Tecumseh Declared Illegal and Void.

Shawnee, O. T., April 16.—The district court of Pottawatomie county has granted a permanent injunction restraining the trustees of the town of Tecumseh from issuing or selling the \$20,000 of water works bonds recently voted. Temporary injunction was granted some months ago and at the recent hearing the court held that the bond election was illegal and that the costs of the case be taxed against the trustees of the town of Tecumseh.

### REQUISITION HONORED.

Johnson Will Be Taken Back to Arkansas.

Guthrie, O. T., April 16.—Governor T. B. Ferguson today honored a requisition issued by the governor of Arkansas for Andrew J. Johnson (colored), who is under arrest in this city. Johnson is wanted in Pulaski county for embezzlement and false pretenses. He was arrested by Sheriff Charles E. Carpenter and A. B. Chichester, agent for the state, arrived here today to secure his man.

### Want Contracts Approved.

Guthrie, O. T., April 16.—Members of the firm of Lewis & Kitchen of Kansas City, Mo., contractors, who secured the contract for placing the heating system in the new high school building at Lawton were before the governor today asking that the contract be approved. Under the ruling of the interior department all such contracts have to be ratified before the department will consider them.

In addition to this contract the firm secured a contract for the heating system in four new school buildings in Oklahoma City at a cost of \$14,000.

### Who Controls Timber.

Guthrie, O. T., April 16.—Briefs are being prepared in the attorney general's office for the appeal and presentation of the case of Ferguson et al. vs. Cordroy. This case is the one in which timber was cut and hauled from school land in the new country. The case was heard before Associate Justice Irwin in Reno. The main law point in the matter is whether the school land board has control of timber after it has once been severed.

### Want to Teach.

Guthrie, O. T., April 16.—Territorial Superintendent L. W. Baxter is receiving many applications for positions on the Southwestern Normal school faculty. The board of education will probably take up the matter at its next meeting. Selections from the list of applicants, Mr. Baxter, if the applications continue to reach his office as heretofore, will have to make a larger contingent than two years hence for stamps and stationery or get a congressional act through "franking" the superintendent's letters.

### Anadarko Boasts Some.

Anadarko, O. T., April 16.—Negotiations are under way to build five brick buildings on Divers avenue, between Fifth and Sixth streets, the work to commence in the next ten days. These new bricks with the numerous ones already completed, will force Anadarko decidedly ahead of her sister cities of the Kiowa and Comanche country.

### CASTORIA.

The Kind You Have Always Bought

Signature of J. C. Atkinson

TWAS EVER THUS.

### Blake Probably Trying to Bull the Market.

El Reno, O. T., April 16.—The Oklahoman prints the following: The late heavy storm, it seems, did considerable damage to the fruit in this neighborhood. The heavy rain and hail knocked off the buds and blossoms from a number of the fruit trees, and it is now thought that there will not be a half crop.

Hon. C. O. Blake, who owns a fine fruit farm contiguous to the city, visited it last Sunday and he says that his blackberry and strawberry vines will not yield half as much as they did last year. His fruit trees, the early ones, will bear some fruit, but not as much as they did last year. He says if nothing happens he will reap a big harvest of fruit.

### MAMMOTH OF ALL.

Largest Steamship Ever Launched in This Country.

New London, Conn., April 16.—In the presence of thousands of spectators, including many "visitors from New York, Boston and other cities, the steamship Minnetonka, the largest vessel ever built in this country and the greatest cargo carrier in the world, was launched today at the yards of the Eastern Ship Building company at Croton. The sponsor of the mammoth ship was Miss Clara Hill, daughter of J. J. Hill, president of the Great Northern Steamship company, for whom the vessel was built, to become a part of the company's Pacific and Oriental carrying trade. As the last restraining link that held the ship to its place on the ways was severed, Miss Hill broke a bottle of wine over the steel bow and named the craft the Minnetonka. After the launching luncheon was served to the guests of the shipbuilding company in the mould left of the yard.

### HELD FOR MURDER.

Conspired to Kill Man for the Insurance Money.

Washington, April 16.—In issuing a warrant for the surrender to the Mexican government of Dr. Charles E. Harris, now held under arrest at El Paso, Tex., on a committed in Chihuahua, the state department today took steps to secure the punishment of a peculiarly atrocious crime which has engaged the attention of the two governments and one of the big New York life insurance companies for many months. The papers filed at the state department allege that the Mexican agent of the company, T. C. Richardson, a man named Meredith and Dr. Harris conspired to murder a man in order to collect the insurance on his life, the policy for which had been issued by Richardson. The policy was made out payable to Meredith. The victim was followed to death by the doctor who attended him until he died, and he was followed by Richardson and Meredith were also arrested in Texas and were discharged by the court on the ground of insufficient evidence, but the Mexican government has secured new charges and the two men will be rearrested and held for extradition.

### Oil-Burning Engines.

Los Angeles, Calif., April 16.—Announcement was made today from the headquarters of the Santa Fe system in this city that that road would soon install oil-burning locomotives on the Seligman-Winslow division in Arizona, adding about 140 miles to the mileage now covered by oil-burning engines on the Santa Fe system.

## RELATIVE TO LAST INQUIRY

Into Sanitarium Matter Nothing Is Known Yet

FERGUSON IS DUMB

If Department Has Told Him Anything, He Is Mute.

Guthrie, O. T., April 16.—It is believed in official circles that the interior department will not investigate the Oklahoma sanitarium at Norman, as requested by Ferguson in a letter to Secretary Hitchcock several weeks ago. It is understood that the governor has had letters from the department, but there is nothing to indicate that the investigation will be made. Governor Ferguson will say nothing in regard to the correspondence from the interior department, preferring to let the department make its own announcement relative to Oklahoma matters.

From all indications there is little need for such an investigation of the sanitarium. The legislature probed into the matter, making an exhaustive report, which was placed on file. Shortly after the legislature adjourned the story became current that Edgar W. Jones, representative from Logan county, had been requested to appear in Washington with the testimony relative to the investigation. Jones stated that he had received a letter from the department, but stated that he would not mix up in the matter, as it was not his affair.

Jones was out of the city for several weeks, and during his absence it is known that a letter was received from the interior department saying that he had never been requested to appear in Washington, and that as far as was known there, the officials had never had correspondence with Jones.

Outside of the governor's request for an investigation of the sanitarium, it seems that the department had not heard of the latest agitation. It is considered probable that it will require more than the last "talk" relative to the sanitarium to bring about an investigation. The governor was anxious to dispose of the matter entirely and to do away with the "no-noes," hence he asked the interior department to make an investigation.

### MORE BAKING POWDER.

Lee Is Yet to Tell What He Knows of the Matter.

St. Louis, Mo., April 16.—The grand jury today took up the baking powder investigation where it was broken off last night by adjournment. One of the most important matters yet made in the legislative hoodie inquiry is the issuance of a subpoena duces tecum by the St. Louis grand jury on the cashier of the Stevedore (Mo.) bank requiring him to bring books and checks before that body. It was in this bank that funds supplied by the baking powder trust are said to have been kept. Circuit Attorney Folk has wired Attorney General Crow to subpoena State Senator F. H. Harris, who is supposed to know considerable about the fund. Among the witnesses to be examined today is Speaker Whitecotton, presiding officer of the last house, who first made the charge of booting. His testimony is wanted chiefly in connection with the alleged use of money in the passage of the free school bill.

Lieut. Gov. Lee will be the star witness today if he is called from Jefferson City. Owing to his physical condition it is not certain that he will leave the capital. In case he does not, Circuit Attorney Folk says he will issue an attachment for him to appear Friday.

A committee of the St. Louis grand jury visited the Lafayette bank this afternoon to inspect the books relative to the \$2500 said to have been deposited there by State Senator John P. Collins of St. Louis soon after the last legislative adjournment.

Circuit Attorney Folk has enough evidence to indict several persons for bribery or forgery, or both, if the offenses had been committed within the jurisdiction of the St. Louis grand jury.

Mr. Folk stated to the Associated Press that the evidence would be turned over to the Cole county grand jury, which would make use of it.

### DIFFENDERFER WINS.

Sixteen-Yard Man Breaks Ninety-four of a Hundred.

Kansas City, Mo., April 16.—The grand American handicap at inanimate targets was shot at Blue River park today. It was the principal event of the interstate association's fourth annual tournament and proved one of the biggest in the history of the sport. There were 121 entries including such well known marksmen as W. R. Crosby, H. C. Hirsch, J. A. R. Elliott and Fred Gilbert and numbering crack shots from every part of the country. Keen rivalry was displayed by the men named and those who had made good scores yesterday and they were followed from trap to trap by a large gallery of spectators.

Weather conditions were favorable in the morning and high scores were expected unless the brisk wind and cloudy weather that developed yesterday had to be contended with again.

The conditions for the grand American handicap was at 160 yards targets at 40 known angles, 100 exposures, targets included, handicaps 14 to 25 yards high gun, not class shooting, \$200 added to the purse. In addition to first money the winner will receive a silver trophy presented by the interstate association.

Before the big event opened the preliminary handicap at 30 targets, undisturbed from yesterday, was completed. In this event only 113 of the 160 men entered had shot at dusk last evening. The preliminary handicap was finished shortly before 10 o'clock. Five men made scores of 40 or better as follows:

Louis Molas, St. Joseph, Mo., 50; C. H. Hirsch, St. Joseph, Mo., 48; Frank C. Roth, Alton, Ill., 47; H. E. McDonald, Gravette, Ark., 46.

The American handicap was called at 1 o'clock and four traps were soon actively engaged. The weather conditions were the best since the tournament began and in fact were almost perfect. However, some of the 16 yard handicap men did the best work and exceeded the scores of crack shots of national reputation.

H. C. Hirsch, of Minneapolis, winner of the grand American live bird handicap last year with a 25-yard handicap broke 96 targets out of a possible 100, runner-up Chas. O. Spencer of St. Louis, runner-up

**CONSULT THE BEST, FIRST. DR. JOHNSTON & WALSH**  
The World's Greatest Specialists.  
Permanently Located in Wichita.  
**NERVOUS DEBILITY. WEAKNESS OF MEN. BLOOD DISEASES.**
